AFFIDAVIT OF AVERIL ROSEMARY NORMAN

I, Averil Rosemary Norman, retired, of Auckland, swear:

1. I am one of the named-plaintiffs in this proceeding. The other named-plaintiff is my husband, Warwick Norman.
2. Tūpuna Maunga o Tāmaki Makaurau Authority (the **Authority**) and Auckland Council are planning to fell, in one event, 345 trees on Mount Albert that form part of the Mt Albert reserve.
3. I and my husband do not oppose the Authority or its management of Mt Albert in any way, but do take issue with:
 - a. how the Authority and Auckland Council plan to fell so many mature trees in one event;
 - b. the sudden and drastic impact that will have on Mt Albert and its use and enjoyment as a reserve; and
 - c. how the Authority and Auckland Council have gone about making that decision.
4. I make this affidavit in support of the interim injunction and judicial review application and on my, and my husband's behalf.
5. I refer in this affidavit to Mt Albert or the mountain – which are references to the Mt Albert and its surrounding reserve.

Connection with Mt Albert

6. I have been visiting Mt Albert since my childhood and it has been a constant source of refuge and place of tranquillity throughout my life.
7. I would have first visited Mt Albert in the early 1960's. A good close childhood friend of mine lived at the top of Summit Drive and I spent countless afternoons and weekends playing on and exploring the mountain.
8. Around that time and later in my youth I was involved with the Mt Albert Baptist Church and I have fond memories of Church and youth group activities there.

9. Throughout my adult life I have continued coming to Mt Albert and retain a strong connection with it. I find it peaceful being amongst the trees and birdlife there.
10. I would describe Mt Albert as a beautiful reserve, full of trees and birdsong, that presents itself as a wildlife-oasis in the midst of the City.

The trees on Mt Albert

11. It is hard to describe what Mt Albert is like without visiting and seeing it for oneself. It has wonderful mature trees growing throughout— more I would say than any other mountain in the Auckland area.
12. The mature trees turn the mountain into a refuge from the City. As you drive up Summit Drive, and then walk around the drive to the summit, you feel engulfed by those trees and an immediate demarcation from, and disassociation with, the City.
13. That to me is a large part of the beauty of the mountain – a beauty that would be irreparably lost if the Authority and Auckland Council fell all these trees at once.
14. I have a number of concerns about the Authority and Auckland Council's plans to fell so many trees in such a short space of time.
15. A handful of photos of some of the trees on Mount Albert is annexed to this affidavit as a schedule.

History of Trees

16. Some of the trees on Mt Albert have an important historical connection. That tangible history will be immediately lost if the Authority and Auckland Council proceed as planned.
17. There is a grove of olives on the mountain that were planted by Jack Turner. I knew Mr Turner when I was growing up and walked around the mountain with him numerous times.
18. Mr Turner served during World War 2, during which time he was a prisoner of war. During the war years he visited Palestine and from there, sent olive tree seeds back home. These trees have grown from those seeds.

js. An

19. While Mr Turner has passed, his legacy that remains in that olive grove – providing a place of solace for others – will be felled by the Authority and Auckland Council.
20. Mr Turner's mother, Lady Ethel Turner, planted the cherry blossom trees that are on the mountain in memory of her brother Edgar who died in World War 1, aged 18. They too are planned to be felled by the Authority and Auckland Council. The spirituality and historical significance of the planting that I have mentioned here is incalculable.

Bird Song

21. I truly appreciate Mt Albert for the wonderful birdsong that it has. It provides such a contrast to the traffic noise and City life.
22. As you walk up the summit path you can hear a chorus of tuis and kereru (wood pigeon) and all other kinds of birds. It is beautiful.
23. I have deep concerns about how the felling of so many trees in such a short space of time will impact the bird-life on the mountain. I fear that numbers will be decimated.

Shade and Sun Protection

24. The trees on Mt Albert provide wonderful shaded woodlands to walk through, acting as both sun protection and providing peaceful, contemplative areas for park users. That shade and those quiet areas the trees provide risk being lost if so many of the mature trees are felled in one exercise.

Ecological Impact and Environmental Concerns

25. I am not an ecologist or scientist. I do however have concerns on how the felling of such a large number of trees will impact on the ecology and eco-systems of the mountain. It is also difficult to understand how the Council's approval of the felling is consistent with its declaration of a climate change emergency.

Visual Amenity

26. Mt Albert is a beautiful landmark, in large part due to the mature trees growing on it. That beautiful vista, looking both towards Mt Albert and also while on the mountain itself will be lost if so many trees are felled in one event.

Loss of the above

27. It would take generations for trees to grow back to the height and maturity that the current trees have and that the Authority and Auckland Council plan to fell. In that time and presuming that planting is to be carried out and it is done immediately, the mountain will lose all of the above.

Public Consultant by the Authority and Auckland Council

28. I do not think that the Authority or Auckland Council carried out any meaningful consultation before they made the decision to fell so many trees.

29. I am aware that the Authority may have been granted a resource consent but as far as I am aware it has not disclosed publicly what that resource consent is for – and when it first made the decision to apply for it.

30. In the Authority's draft annual operational plan for 2019/2020, there is only passing reference in the Capital Expenditure Programme at the back of that plan to: "*network-wide programme to remove vegetation and and [sic] reinstate and/or revegetate – actions and staging to be confirmed.*" A copy of that draft annual operational plan is annexed to this affidavit and marked "A".

31. That reference provides little to no detail and clearly does not identify that the Authority and Auckland Council intended to fell so many mature trees in one operation. I am not aware that the "*actions and staging*" have even been confirmed or if there has been any public consultation or notification on that action or staging.

32. I was made aware of the Authority's plans for felling when a friend contacted me on 10 November 2019. I was surprised to have heard about these plans for the first time then, being so close to when the Authority planned to carry out its felling.

33. I am not aware of the Authority placing any advertisements in newspapers, on the radio or on television, advising the people of Auckland of its plans for Mt Albert and inviting submissions. In visiting Mt Albert over the last few years I haven't seen any signs indicating what was intended or notifying the public.

34. For such an important decision to be made without robust consultation is unacceptable.

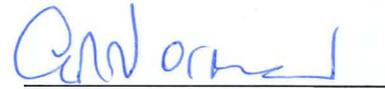

Mt Albert

35. I do support the planting of more native trees. Any removal of non-native trees should be carried out when new planting is mature enough to sustain bird life.

36. I would also have expected that the people of Auckland, and users of Mt Albert, should have been consulted prior to any decision if such a radical plan was to be put in place.

37. Mt Albert is a wonderful reserve. It has a large number of mature trees that provide a beautiful canopy and home for birds. Because of this, it also has a constant chorus of birdsong. Those two aspects mean it is a calming and soothing place of refuge in the city that will be lost if so many mature trees are felled at once.

Tūpuna Maunga o Tāmaki Makaurau Authority

Draft Operational Plan 2019/20

**Tūpuna
Maunga
Authority**

www.maunga.nz

The Tūpuna Maunga Operational Plan

For each financial year the Tūpuna Maunga Authority and Auckland Council (council) must agree an operational plan. The plan outlines how council will carry out the routine maintenance of the Tūpuna Maunga (ancestral mountains) and administered lands under the direction of the Tūpuna Maunga Authority. This is a requirement under section 60 of the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act 2014 (the Collective Redress Act).

The operational plan outlines the work programme for the financial year, which comprises of a number of projects at a network and individual maunga level. Importantly, the operational plan sets out how these individual projects contribute to delivery of the Tūpuna Maunga Authority's objectives and vision for the Tūpuna Maunga by linking them to one or more of the Tūpuna Maunga Values in the Integrated Management Plan.

This Operational Plan covers the financial years 2019/20, 2020/21 and 2021/22 in detail. Network-wide budgets are shown for a number of programmes. Once the guidelines and strategies and individual maunga plans have been developed, these will be able to be further refined to show spend on individual maunga.

This Operational Plan also includes the funding envelope for the next 6 years that was endorsed through the Auckland Council 10 Year Budget (Long Term Plan) 2018-28.

The Tūpuna Maunga Redress

The Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Settlement is an outcome of Mana Whenua and the Crown settling historical Treaty of Waitangi breaches. The settlement recognises that the Tūpuna Maunga are taonga in relation to which Mana Whenua have always maintained a unique relationship and honours their intergenerational role as kaitiaki (guardians).

In July 2014, the Collective Redress Act was passed. The Act vested the Crown-owned land of 14 Tūpuna Maunga in Ngā Mana Whenua o Tāmaki Makaurau, on the basis that they are held in trust for the common benefit of the iwi/hapū of Ngā Mana Whenua o Tāmaki Makaurau and the other people of Auckland.

The Tūpuna Maunga are owned by the 13 iwi/hapū of Ngā Mana Whenua o Tāmaki Makaurau via the Tūpuna Taonga o Tāmaki Makaurau Trust.

The 14 Tūpuna Maunga are:

- Matukutūruru/Wiri Mountain
- Maungakiekie/One Tree Hill
- Maungarei/Mount Wellington
- Maungauika/North Head
- Maungawhau/Mount Eden
- Ōhinerau/Mount Hobson
- Ōhūiarangi/Pigeon Mountain
- Ōtāhuhu/Mount Richmond
- Ōwairaka/Te Ahi-kā-a-Rakataura/Mount Albert
- Puketāpapa/Pukewīwī/Mount Roskill
- Rarotonga/Mount Smart *
- Takarunga/Mount Victoria
- Te Kōpuke/Tītīkōpuke/Mount St John
- Te Tātua a Riukiuta/Big King

Under the Act each Tūpuna Maunga was declared a reserve and the Tūpuna Maunga Authority was appointed as the administering body for the majority of the maunga for the purposes of the Reserves Act 1977.

The exception is:

- Rarotonga /Mount Smart which is vested in the Taonga Trust and administered by Auckland Council (Regional Facilities Auckland) under the Mount Smart Regional Recreation Centre Act 1985 and Reserves Act 1977

The Collective Redress Act also transferred the administration of the following reserve land retained in Crown ownership to the Tūpuna Maunga Authority

- Te Pane-o-Mataaho /Te Ara Pueru/ Māngere Mountain – ownership of the land remains with the Crown and is administered by the Tūpuna Maunga Authority under the Collective Redress Act and Reserves Act
- Maungakiekie /One Tree Hill Northern land ownership of the land remains with the Crown and it is administered by the Tūpuna Maunga Authority under the Collective Redress Act and Reserves Act

Attachment 1 shows the location of each maunga.

Ngā Mana Whenua o Tāmaki Makaurau

Ngā Mana Whenua o Tāmaki Makaurau is the collective name of the 13 iwi/hapū with historical Treaty claims in the wider Tāmaki Makaurau. The iwi/hapū are grouped into the following three rōpū:

- Marutūāhu Rōpū: Ngāti Maru, Ngāti Pāoa, Ngāti Tamaterā, Ngāti Whanaunga, Te Patukirikiri;
- Ngāti Whātua Rōpū: Ngāti Whātua o Kaipara, Ngāti Whātua Ōrākei, Te Rūnanga o Ngāti Whātua; and
- Waiohua Tāmaki Rōpū: Ngāi Tai ki Tāmaki, Ngāti Tamaoho, Ngāti Te Ata, Te Ākitai Waiohua, Te Kawerau ā Maki.

The collective approach recognises that the iwi and hapū have various shared customary interests within Tāmaki Makaurau such that a collective settlement approach is appropriate. It also provides for the greater exercise of whanaungatanga and kotahitanga between the iwi/hapū.

Attachment 2 shows the individual iwi and hapū customary association with the Tūpuna Maunga as recorded in the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Deed of Settlement.

Tūpuna Taonga o Tāmaki Makaurau Trust

The Tūpuna Taonga o Tāmaki Makaurau Trust (Trust) was set up to receive the Tāmaki Collective cultural redress arising out of the Collective Redress Act.

The Trust receives, administers, manages, protects and governs the assets of the Trust for and on behalf of the 13 iwi and hapū of Ngā Mana Whenua o Tāmaki Makaurau.

The Trust's Statement of Intent 2017/18 confirms the Trust's strategic objectives as:

1. Toitū te whenua, whatu ngarongaro te tangata
Enduring protection and management of cultural redress properties
2. Tē tōia, tē haumatia
A sustainable Trust that fulfils its purpose well
3. Toitū te kupu, toitū te mana, toitū te whenua
A strong Mana Whenua presence and connection to cultural redress
4. Mā whero, mā pango ka oti ai te mahi
Enduring relationships and collaboration

Tūpuna Maunga Authority

The Tūpuna Maunga Authority is the statutory authority established under the Ngā Mana Whenua o Tāmaki Makaurau Collective Redress Act to co-govern the Tūpuna Maunga. The inaugural hui was held in November 2014.

The Tūpuna Maunga Authority has six representatives appointed by Ngā Mana Whenua o Tāmaki Makaurau and six appointed by council. There is also a non-voting Crown representative appointed by the Minister for Arts, Culture and Heritage.

The Tūpuna Maunga Authority is independent of council and has its own decision-making powers and functions. Council is responsible for the routine management of the maunga under the direction of the Tūpuna Maunga Authority.

The Tūpuna Maunga Authority's bespoke co-governance structure recognises not only the important relationship Ngā Mana Whenua have with these sacred places, but also their importance to, and connection with, all the peoples of Auckland. The Tūpuna Maunga Authority is a tangible expression of the spirit of partnership between Ngā Mana Whenua and council.

The Tūpuna Maunga Authority members are:

Chair	Paul Majurey	Ngā Mana Whenua o Tāmaki Makaurau (Marutūāhu Rōpū)
Deputy Chair	Alf Filipaina	Auckland Council (Governing Body)
Members	Joe Pihema	Ngā Mana Whenua o Tāmaki Makaurau (Ngāti Whātua Rōpū)
	Malcolm Paterson	Ngā Mana Whenua o Tāmaki Makaurau (Ngāti Whātua Rōpū)
	Cathy Casey	Auckland Council (Governing Body)
	Cr Josephine Bartley	Auckland Council (Governing Body)
	Glenda Fryer	Auckland Council (Deputy Chair – Albert-Eden Local Board)
	Hauāuru Rawiri	Ngā Mana Whenua o Tāmaki Makaurau (Marutūāhu Rōpū)
	Josie Smith	Nga Mana Whenua o Tamaki Makaurau (Waiohua-Tāmaki Rōpū)
	Karen Wilson	Ngā Mana Whenua o Tāmaki Makaurau (Waiohua-Tāmaki Rōpū)
	Kit Parkinson	Auckland Council (Chair – Ōrākei Local Board)
	Lemauga Lydia Sosene	Auckland Council (Chair – Mangere-Ōtāhuhu Local Board)
	Stefan Corbett	Crown Representative

Auckland Council

Auckland Council is responsible for the routine management of the Tūpuna Maunga under the direction of the Tūpuna Maunga Authority. It is responsible for the costs in relation to the Tūpuna Maunga and administered lands incurred by council and the Tūpuna Maunga Authority in carrying out their respective functions under the Collective Redress Act or the Reserves Act 1977.

Council must also provide the Tūpuna Maunga Authority with the administrative support necessary to carry out its functions and to exercise its powers. This responsibility is within the extent that funding and revenue for the maunga and the administered lands allow.

Strategic framework: Tūpuna Maunga Values

In its Integrated Management Plan for the Tūpuna Maunga the Tūpuna Maunga Authority has articulated a set of values of the Tūpuna Maunga. The values promote the statutory purpose of the Tūpuna Maunga under section 109 of the Collective Redress Act, where in exercising its powers and functions the Authority must have regard to the spiritual, ancestral, cultural, customary and historical significance of the Tūpuna Maunga to Ngā Mana Whenua.

The values provide a strategic framework to guide the Tūpuna Maunga Authority in making any decision about the Tūpuna Maunga.

The values weave together and give expression to mana whenua and other world views, and the connections and histories in a manner that highlights the way in which these views complement each other and create a richness to the relationship people have with the Tūpuna Maunga and multiple ways in which these relationships are thought of and expressed.

The values are as follows:

Values	What this means for the Tūpuna Maunga
Waituatanga/ Spiritual	<ul style="list-style-type: none"> - restore and recognise the relationship between the Maunga and its people - tread gently - recognise the tihi is sacred - treat the Maunga as taonga tuku iho – treasures handed down the generations

Work Programme Overview

In addition to expressing the objectives and vision for the Tūpuna Maunga, the values are the key driver of the Tūpuna Maunga work programme (see Table 1).

Priority programmes and projects over the next 3 years include:

Policy and Management

- Completion of several key strategy documents to deliver on the values and pathways outlined in the Tūpuna Maunga Integrated Management Plan
- Progressing the transfer of Maungauika / North Head administration from the Department of Conservation to Auckland Council, and transfer of land contiguous to other Tūpuna Maunga

Healing

- Protection and restoration of the tihi (summits) through restriction of vehicle access to the tihi and significant track and viewing platform developments
- Protection and restoration of historic kumara pits, pā sites and wahi tapu
- Restoration of indigenous native ecosystems; reintroducing native plants and attracting native animal species; removing inappropriate exotic trees and weeds
- Pest control on all maunga in line with Auckland's plan to be pest free by 2050

Development

- Cultural interpretation including distinct entrance ways, pou whenua, visitor information hubs and educational signage
- Exemplary visitor infrastructure including tracks, view platforms, toilets and play spaces
- Removal of redundant infrastructure (built structures, water reservoirs, impermeable surfaces, etc) and returning areas to open space
- Commercial activities to develop alternative revenue streams to invest in the protection and enhancement of the values of the Tūpuna Maunga

Connection

- Mana whenua living connection programme focusing on their role as kaitiaki (guardians), restoring customary practices and associated knowledge and enabling cultural activities
- Developing on-site staff to enhance the visitor experience and help protect and enhance the Tūpuna Maunga
- Volunteer programmes to connect communities to the Tūpuna Maunga
- Education programmes, community events and a bespoke website that celebrates the living connection that all communities have with the Tūpuna Maunga

All projects are designed to deliver outcomes for the 13 iwi/hapū of the Tāmaki Collective and all the people of Auckland, enhance the mana and mauri of the Tūpuna Maunga and deliver improved open spaces across the eight local board areas.

They will also enable a compelling case in a future UNESCO World Heritage bid for the Tūpuna Maunga, which will contribute to a Māori identity that is Auckland's point of difference in the world.

Table 1 Tūpuna Maunga Work Programme 2018-28

Projects to be completed on the Tūpuna Maunga are approved by the Tūpuna Maunga Authority and prioritised according to the urgency and nature of the work, the staging of other projects, the available funding and management's capacity to deliver. The table below sets out the prioritised projects, grouped into programmes of work aligned with values, for the 10 years of the Auckland Council 10 Year Budget (Long Term Plan) 2018-28. These are then phased over the short, medium and long term. It includes policy projects as well as operational and capital projects. The individual Tūpuna Maunga sections of the Operational Plan and the network-wide programmes section highlight in more detail the projects for Years 2-4.

Mana Honanga Tangata/Living Connection - a place to host people - actively nurture positive relationships - give expression to the history and cultural values of the Maunga - rekindle the sense of living connection between the Maunga and the people	Develop the Tūpuna Maunga as places of education, understanding, discovery and rediscovery so that everyone can understand the historical connections and develop their own personal connections to the Tūpuna Maunga through for example interpretation, education programmes, events, Tūpuna Maunga Lease Outcome Plans, and the development of infrastructure that creates an authentic Māori presence.	X	X	X
Whai Rawa Whakauka / Economic and Commercial - focus on commercial activities that create value and enhance experience - explore alternative and self-sustaining funding opportunities - foster partnerships and collaboration - alignment with the Tūpuna Maunga Values	Facilitate and promote commercial activities that promote the values of the Tūpuna Maunga: - develop (or facilitate the development by 3 rd parties) new facilities or repurpose existing assets and areas, - develop and implement a concessionaire framework, - identify and progress sponsorship opportunities, - continue to manage filming and events, and - progress other activities identified in the Commercial Strategy.	X	X	X
	Alternative revenue streams: investigate and progress the development of philanthropy, such as grants, gifting and bequeaths, to support the protection and restoration of the values of the Tūpuna Maunga		X	X
Mana Whai a Rēhia / Recreational - promote health and wellbeing - encourage informal inclusive recreation activities - balance informal and formal recreation - recreational activities consistent with tikanga Māori - Maunga are special places and treasures handed down	Track network development: develop the agreed track network for each Tūpuna Maunga to enhance access and protect the values of the Tūpuna Maunga.	X	X	X
	Way-finding programme: - complete installation of new entrance signs and secondary destination signs on each Tūpuna Maunga in year 1, and - then develop and implement comprehensive way-finding markers/signs on each Tūpuna Maunga <i>Note: sequencing will mirror track development programme</i>	X	X	X
	Ancillary visitor infrastructure: develop/upgrade/renew ancillary facilities to support visitor experience such as toilets, seating, car parking, water fountains, bike racks, vehicle barriers.	X	X	X
	Passive recreation and play infrastructure: - develop play spaces inspired by the topography of the landscape, the stories on the Tūpuna Maunga and Māori culture that encourage young people to connect with the Tūpuna Maunga, and - identify and develop facilities/spaces that are promote health and wellbeing		X	X
	Manage activities: progressively implement the Recreation Strategy and the individual Tūpuna Maunga to align activities to the values of the Tūpuna Maunga e.g. bylaw reviews, remove and reinstate or repurpose leased assets and/or areas where leases are not renewed	X	X	X

Funding and Revenue

Funding and revenue for the Tūpuna Maunga and administered lands may only be applied for the purposes of the maunga and the administered lands.

Funding and revenue for the maunga must be:

- Held and accounted for separately by council
- Applied by council under the direction of the Tūpuna Maunga Authority and in accordance with the annual operational plan

Every 3 years council must prepare and adopt a 10 Year Budget (Long Term Plan) which describes the activities of the council and forecast expenditure and funding requirements for the next 10 years.

The expenditure and funding requirements for the Maunga Authority for the next 9 years that were endorsed in the council's 10 Year Budget (Long Term Plan) 2018-28 are shown in Table 2.

This operational plan sets out the detailed expenditure and revenue for the 2019/20 and indicative financial information for 2020/21 and 2021/22. The annual operational plan for 2019-20 and the subsequent years fits within this funding envelope. The Tūpuna Maunga Authority manage the maunga as a network. The individual maunga sections set out maunga-specific costs for programmes and projects where these have been identified and scoped. The last section of the operational plan contains the network-wide programmes that require further project planning to determine how they will be applied to each maunga.

Any budget variation associated with individual projects or network-wide programmes will be shared across the network in accordance with the priorities set out in Table 1 and kept within the total funding envelope.

Operational Expenditure

The targeted rate reserve reflects funding previously generated by the 'Open Space and Volcanic Cones targeted rate". This targeted rate reserve must be used for operational purposes associated with the volcanic cones. This reserve totalling \$1.753 million will be used to fund the development of the seven strategies and guidelines and the individual maunga management plans.

Net operating expenditure covers income and expenditure from day-to-day operations and services.

The operational expenditure shown in the individual maunga sections is in future year dollar terms. The annual inflation rates applied are based on the rates used in the Auckland Council Long-term Plan 2018-2028.

Capital Expenditure

Capital Development Projects

These are for the creation or purchase of new assets, typically to address growth in demand, changes to the required Level of Service and to be consistent with the Tūpuna Maunga values and pathways as identified in the Integrated Management Plan. Any new Capital Project to be delivered are identified under each Maunga.

Capital Renewals

These budgets are automatically generated from outputs from the Tūpuna Maunga Authority's asset management plan. The asset management plan categorises assets and specifies the anticipated life of the asset. As assets reach their end of life they are programmed for replacement or upgrade along with the associated budget.

Assets are categorised under 11 asset groups (see Table 3). The asset group enables assets to be clustered into similar asset types and assessed accordingly. As assets progress through their life cycle they incur depreciation and the cost of replacement is calculated.

Table 3 Categorisation of assets

Category	Description
Building	Residential buildings, toilets, changing Rooms
Courts	Tennis courts
Monuments & structures	Monuments
Park Equipment	Drinking fountains, signs and lights
Park Furniture	Fences, gates, seats and rubbish bins
Park Roads & Carparks	Roads and wheel stops
Park Structures	Barriers, boardwalks and steps
Paving & Hard Surfaces	Paths and tracks
Play Surfaces	Play equipment and skateparks
Sports Fields	Nets and fields
Utilities	Cesspits

New assets are ranked category 1 which means they are sound and do not need budget to maintain. As the asset progresses through its lifecycle it will reach category 4-5 and will be identified for replacement. Asset information for each maunga are included in the individual maunga sections.

Category	Description
Excellent (1)	Sound physical condition <i>No work required</i>
Good (2)	Acceptable physical condition; minimal short term failure risk but potential for deterioration <i>Only minor work required (if any)</i>
Average (3)	Significant deterioration evident; failure unlikely in near future but further deterioration likely <i>Work required but asset is still serviceable</i>
Poor (4)	Failure likely in short term Substantial work required in short term asset <i>Barely serviceable</i>
Very Poor (5)	Failed or failure imminent /Safety risk <i>Major work or replacement required urgently</i>
TBR – To Be Rated	Assets on register but have yet to be assessed
Rating excluded	Assets not visible eg underground services, turf, vegetation

Levels of Service

Current Levels of Service were set as part of the Auckland Council Long Term Plan 2018-28 process and continue under the current Operational Plan. The performance measures and targets for the Tūpuna Maunga are as follows:

Level of Service Statement	Protect, conserve & interp the values & features of Auckland's volcanic heritage		
	2019/20 target	2020/21 target	2021/22 target
Customer Performance measure(s)			
Number of proposed events on Tūpuna Maunga that Mana Whenua are engaged about (to approve or decline)	30	30	30
Number of key sites of significance of Tūpuna Maunga with mitigation measures to improve or maintain their condition	13	13	13

Ngā Mana Whenua o Tāmaki Makaurau programmes, including iwi or hapū programmes (2019-2022)

The Tūpuna Maunga Authority plans various programmes to support Ngā Mana Whenua o Tāmaki Makaurau. Some key programmes for each maunga and the administered lands discussed in this Operational Plan are:

- on-site interpretation/storytelling projects that recognise and share with visitors the relationships of mana whenua to the Tūpuna Maunga
- education programmes developed, in partnership with mana whenua that help share the values of the Tūpuna Maunga and increasing support for the protection and restoration of these values
- projects that work with mana whenua to identify and implement infrastructure and programmes that will support mana whenua reconnecting with the Tūpuna Maunga
- a network-wide programme to work with mana whenua to identify, protect and heal sites of significance
- general engagement and consultation to seek technical and landowner input into projects and programmes; and
- supporting events where possible including mana whenua cultural activities.

Operational Expenditure Programme

Planning is underway with the Department of Conservation to determine the allocation of the agreed funding (\$120,000 per annum) and staffing (1500 staff hours per annum (which the Maunga Authority has the option of converting into a simple payment)) for the two years following the transfer of Maungauika. Additionally, planning is underway to determine the allocation of the Maunga Authority's operational expenditure of \$200,000 per annum for Maungauika/North Head in 2019/20 and the following two years. This work will confirm the full operational costs associated with the ongoing routine management and these will be included in the Operational Plan 2020/21.

Water consent	Fees associated with water Consent on Ōtāhuhu / Mt Richmond	\$8,300	\$8,300	\$8,300

This is projected to increase over time as a result of:

- the implementation of the Tūpuna Maunga Authority's Fees and Charges Schedule to new leases
- the granting of licences and concessions for existing and new commercial activities
- new commercial partnerships/sponsorships
- the promotion of philanthropy to contribute to the care and protection of the Tūpuna Maunga, and
- the development of visitor information hubs.

The Commercial Strategy will confirm the activities that the Tūpuna Maunga Authority will actively progress and the staging of these projects.
